

BELUGA

M.Y. BELUGA

35M SUPERYACHT

Moored in Cairns, the explorer-style M.Y. Beluga navigates the pristine reef waters of Tropical North Queensland, Australia. Renowned for her adventurous spirit and luxury, M.Y. Beluga is also available for international charters throughout the South Pacific.

M.Y. Beluga was built as a go-anywhere yacht with 4,000 nm range. She boasts a robust elegant style, a wide beam, and therefore unusually large volume for her length.

TIMELESS STYLING AND BEAUTIFUL FURNISHINGS CREATE AN ELEGANT AND COMFORTABLE ATMOSPHERE, INCLUDING AN ONBOARD BAR, JACUZZI, SUNBEDS AND ALFRESCO LIVING.

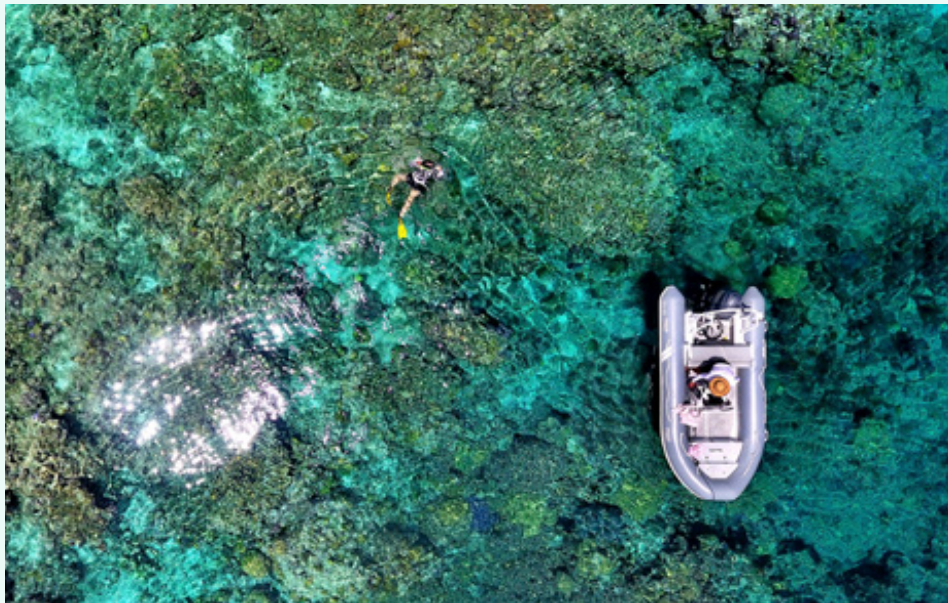

There are spacious living quarters across all four decks, as well as numerous alfresco dining and lounge areas allowing you to enjoy your picturesque surrounds from every vantage point as you cruise the Queensland waters day or night.

Guests can also access the best dive sites, fishing locales and remote sandy cays utilising the vessel's fully equipped tender.

M.Y Beluga can explore waters of the Great Barrier Reef and South Pacific. Purpose-built for exploration, M.Y. Beluga is your gateway to the wildest, most untouched corners of the Great Barrier Reef. With expert crew, premium equipment, and all the comforts of a luxury expedition yacht, M.Y Beluga is designed for those who want to dive deeper, cast further, and experience the reef without compromise.

Spend your days snorkelling vibrant coral gardens, where every swim reveals something new. For certified divers, the yacht M.Y Beluga gives direct access to remote dive sites, far from crowds, with opportunities to explore bommies, drop-offs, and even lesser-known sections of the Ribbon Reefs.

ACCOMMODATION

With space to accommodate 10 guests in luxury (or up to 12 utilising two pullman bunks), the vessel contains five opulent staterooms. Each boat its own private bathroom, with the master room's ensuite featuring a bathtub and double shower.
